70 Years of Empowering Missions Through Education

BFA exists to equip our students to influence their world through biblical thought, character, and action. As we pursue this mission, we empower families to continue their Kingdom building work in Europe, Africa, Asia, and the Middle East.

Now, after almost 70 years, God has positioned BFA to expand our ability to prepare the next generation of Christian leaders and support missionary families across the world.

BFA's GLOBAL REACH:

- ▶ **270** students from ▶ **112** missionary families in ▶ **58** countries with
- ▶ **55** mission organizations changing ▶ **1** world for Christ

How does BFA do this?

We provide affordable, Christ-centered education and a centrally located boarding program primarily to the children of missionaries.

Affordable - Over 95% of BFA's staff raise their own salaries. As a result, we can offer affordable tuition to missionary families.

Christ-centered - Our staff and faculty are missionaries themselves. As a result, the BFA educational experience integrates a Christ-centered worldview into every area of our students' lives.

Centrally Located - Our Central European location provides access to families serving throughout Europe, Africa, Asia and the Middle East.

Boarding - Our 110 boarding students have access to a rich, multi-faceted experience that includes extracurricular and social activities not available in their home countries.

The boarding program is at the heart of BFA's mission. We are excited to share this opportunity to see God do IMMEASURABLY MORE than we ever thought possible.

MORE**

IMMEASURABLY MORE

*Now to Him
who is able to do
immeasurably
more than all we
ask or imagine*

—Ephesians 3:20

As an answer to prayer, BFA has the opportunity to purchase a former retirement home only 200 meters from our main campus in Kandern, Germany. Offering enough space to replace two aging dormitories and add another, this new building will strengthen and expand BFA's ability to equip the next generation of Christian leaders and empower missionary families serving across the world.

The people impact of our purchase will be:

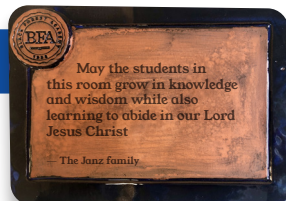

- ▶ Housing for 38 existing and 22 new students
- ▶ Housing for 4 existing and 2 new Resident Assistants
- ▶ Housing for 2 existing and 1 new set of Dorm Parents
- ▶ An estimated 15 additional missionary families supported

The financial impact of a debt-free purchase will be:

- ▶ 400,000 Euros in annual new revenue
- ▶ The ability to lower tuition and boarding costs for missionary families

Partner with us...

Donations of any amount are desired and appreciated. To reach our goal, BFA is seeking generous partners to support the building purchase and modifications in financially significant ways. The five suggested categories below allow you to sponsor a space and write a blessing for that area of the building, to be inscribed on a handmade ceramic plaque and displayed in the room, common area, apartment, or dorm you sponsor.

...and empower current and future generations of missionary families and their children

AUTUMN 2022
An 18 month process of due diligence starts in order to secure the Wohnpark building

FEBRUARY 2024
With 2.1MM Euros so far, BFA signs the purchase agreement with the Wohnpark owner

JANUARY 2025
BFA purchases the building for the total cost of 6.5MM Euros

2025
Building modifications are made at an estimated cost of 1.5MM Euros

AUTUMN 2026
Students, dorm parents & resident assistants move in
